Dear Hiring Manager,

I am writing to express my strong interest in the Quality Assurance position at your organization. With a Bachelor's in Management Information Systems from An-Najah National University and advanced certifications in QA Automation, I bring a robust skill set in manual and automated testing methodologies.

My professional experience includes:

- Developing automated test scripts using Selenium WebDriver and Cypress
- Implementing comprehensive test case documentation and bug reporting
- Conducting performance testing with tools like JMeter
- Achieving 90% test coverage in critical application modules
- Collaborating effectively with development teams using Git and GitHub

Key technical competencies include API testing, browser automation, and test suite development across web platforms. My recent certifications from Super Quality Academy in Advanced Automation and QA Basics further demonstrate my commitment to continuous professional development.

I am confident my technical expertise and systematic approach to quality assurance would be a valuable asset to your team. I look forward to discussing how my skills align with your organization's testing requirements.

Sincerely, Abdullah Aladham
